

### **Instructions - How to change your mouse pointers in Windows XP**

**Step 1**

Find the folder you have just downloaded, called 'Adventure Time Cursors.zip'

**Step 2**

This step is very important, because otherwise the next steps will not work!  
Open this folder up, and copy all of the pictures in this folder onto your desktop or into a new folder. (You can do this by clicking the left mouse button, holding it down and dragging your mouse over all of the pictures. Then right-click with your mouse and choose 'Copy'. Then go to the Desktop or new folder, right-click and choose 'Paste'.)

**Step 3**

Open the 'Start' Menu

**Step 4**

Select 'Control Panel'

**Step 5**

Select 'Mouse'

**Step 6**

Select the 'Pointers' tab

**Step 7**

Click on the pointer you want to change (try the top arrow first), and click the 'Browse' button

**Step 8**

Choose your pointer from the folder you have just put all of the pictures into

**Step 9**

Click 'Apply'

**Step 10**

Repeat with any other pointers in the list you would like to change!
